

1. What the system is:
Agrosoft Ltd [WinPig](#) Programme
2. What does the system do:
5. Output:
 - ✦ Records Breeding Herd Production Events by Individual Animal (Productive and non-productive days)
 - ◇ Entry
 - ◇ Service
 - ◇ Farrowing
 - ◇ Weaning
 - ◇ Removal
 - ✦ Records Supplementary Registrations
 - ◇ Piglet Deaths by Code
 - ◇ Abortion
 - ◇ Management Comments
 - Records Feeding Herd Production Events by System Section and Batch (i.e. Rearer-Grower-Finisher)
 - ◇ Entry
 - ◇ Deaths
 - ◇ Transfer/Sale/Slaughter
 - ✦ Records Additional Management Information
 - ◇ Feed Consumption
 - ◇ Medicine Usage
 - ◇ Itemised Costs and Invoices
 - ✦ Comprehensively Reports Breeding and Feeding Herd Performance
 - ◇ Physical and Financial Performance by period and consolidated periods
 - ◇ Breeding herd and Feeding herd Batch or continuous flow management system
 - ◇ Management Action Lists
 - ◇ Production Performance Trends against Target Setting
 - ✦ Provides Analyses of Breeding and Feeding Herd Performance by
 - ◇ Parity
 - ◇ Individual breeding animal performance tables
 - ◇ Batch
 - ◇ Health
 - ◇ Key Performance Indicators
 - ✦ Incorporates lateral IT integration
 - ◇ Import/Export of specific data
 - ▲ Operates with a Hand Held PDA (Pocket PC) and Electronic Tag/Feed Systems
 - ▲ Slaughter data Carcass and/or Post Mortem (Health)
 - ▲ Performance data to spreadsheet
 - ▲ RMIF Benchmarking
 - ▲ Specified PDF. Reports to Authorised third parties
3. What are the features and benefits of the system:
 - ✦ Windows based
 - ◇ Under continuous development
 - ◇ Parallel 'New Generation' development
 - ▲ Keeping pace with developing computer operating systems
 - ◇ User friendly data entry and report screens
 - ▲ Efficient data administration
 - ✦ Cost relative performance calculations for Report and Analysis
 - ◇ Enables short response time to actual performance
 - ✦ On-line Comparative data table reporting
 - ✦ On-line data entry/transfer
 - ◇ Enables Multiple Production site administration
 - ✦ Secure and Confidential Global Customer Base
 - ◇ Membership of a Global Comparative database
4. What information is required to run the system:
 - ✦ Standard information recorded for any Production Site/Business

- ◇ The System requirements are a minimum of:
 - ▲ Windows 95
 - ▲ RAM 16Mb
 - ▲ Hard Drive 100Mb available
 - ▲ Speed 100 MHz
 - ▲ Processor Pentium

6. How is it accessed:

- ✦ Agrosoft Ltd Unit 16 Yew Tree Farm Earl Soham Woodbridge IP13 7SG
 - ◇ Tel: Lori Eaton 01728 685 118 (Office)
 - ◇ Tel: James Nesling 07973 701 405 (Sales and Marketing)
 - ◇ Visit www.agrosoftltd.com
- ✦ The programme is installed on-site or by internet link
- ✦ Training is given on-site or by internet link
- ✦ Support is maintained by telephone and/or internet link and website
- ✦ The programme is licensed and is updated regularly by the operator on-line
- ✦ The programme is supplied on the basis of an annual charge per sow

1. What the system is:

Agrosoft Ltd [Website](#)

2. What does the system do:

5. Output:

- ✦ Provides Business Support Systems to Agrosoft Ltd clients
 - ◇ Enables Target Setting
 - ◇ Provides Accurate Business Performance based on the last 12 months
 - ▲ Cost of Production per Kg pig meat
 - ▲ Margin per Kg pig meat
 - ▲ Unit cost per Sow/Pig/Kg
 - ▲ What If for 10 Key Performance Indicators
 - ▲ Second Year Rolling Cash Flow Analysis against previous performance
 - ◇ Farrowing
 - ◇ Weaning
 - ◇ Removal

3. What are the features and benefits of the system:

- ✦ User friendly operation
 - ◇ Save and Edit function
 - ◇ Built-in Support
 - ▲ Provides sound financial reporting
 - ▲ Informs management negotiation/discussion

4. What information is required to run the system:

- ✦ The Performance Report of the last 12 months
 - ◇ The Corresponding Financial Profit and Loss Performance
 - ▲ Windows 95

6. How is it accessed:

- ✦ Visit www.agrosoftltd.com

1. What the system is:

Agrosoft Ltd [Bureau Recording Service](#)

2. What does the system do:

5. Output:
 - ✦ See the details for the [WinPig](#) Programme
3. What are the features and benefits of the system:
 - ✦ Independent Management of Business Recording
 - ◇ Requires less on-site resource
 - ✦ Paper/Postage and/or Electronic file/Internet Based
 - ◇ Under continuous development
 - ◇ Parallel 'New Generation' development
 - ▲ Keeping pace with developing computer operating systems
 - ◇ User friendly data entry using Proforma (paper or electronic) and Hand Held PDA
 - ▲ Hand Held PDA data entry validates data on-site
 - ✦ On-line Feeding Herd (only) data entry using the Agrosoft Ltd Website
 - ✦ Cost relative performance calculations for Report and Analysis
 - ◇ Enables short response time to actual performance
 - ✦ Comparative data table reporting
4. What information is required to run the system:
 - ✦ See the details for the [WinPig](#) Programme
6. How is it accessed:
 - ✦ See the contact details for the [WinPig](#) Programme
